WEEKLY WRAP-UP

When is a ♥ not a heart? Emojis and the law - So, you think you know modern slang. But do you understand emojis? It happened at a California court hearing. A 15-year-old girl was testifying against a gang member. Another gang member watched the testimony and posted a message to Facebook: “#RteNow yah lookn 🍑 at ...” Was that witness intimidation? Yes, said the California Court of Appeals in 2019. Baby Ticc was the defendant and TW was the witness. The message seemed to say that TW was a rat for testifying against Baby Ticc and should be shot. The Facebook poster was convicted of witness intimidation and the appeals court upheld that conviction. Read more ... [When is a ♥ not a heart? Emojis and the law \(americanbar.org\)](http://americanbar.org)

Seeds of dispute - The whole “internet” thing had a nice run, but maybe it’s time to end this experiment and go back to reading, y’know, books. As Law.com’s Charles Toutant reports, lawsuits are emerging around the country over deaths and serious injuries caused by the medicinal use of poppy seeds, which a number of users first learned about from YouTube videos and websites that claimed tea made from the unwashed seeds could cure everything from anxiety to arthritis to diarrhea. Instead, according to the lawsuits, the resulting brew contains morphine and codeine. Now, suppliers of the seeds are facing suits over alleged harms linked to their products. There are currently at least two suits over poppy seed tea-related deaths pending in New Jersey federal court. “Misinformation about medical issues is rife right now in our country,” said Jory Lange Jr., the Houston attorney representing the plaintiffs in the New Jersey cases. “I’m very concerned because people are still selling these. This really is a risk out there and I think most of the people consuming these unwashed poppy seeds have no idea how dangerous they are.”

Bills introduced to create tracking system for sexual assault evidence - A bipartisan group of lawmakers from both houses of the General Assembly on Sept. 9 introduced bills to establish a statewide tracking system for sexual assault evidence, which would be administered jointly by the Pennsylvania State Police and the Department of Health.

Supplemental income? - Evercore, an investment banking advisory firm, Harbin Pharmaceutical Group, a majority shareholder of health and nutrition company GNC Holdings, members of GNC’s senior management and other defendants were hit with a civil RICO class action Wednesday in New Jersey District Court. The suit, filed by Tang P.C. on behalf of minority GNC shareholders, arises from a proposed acquisition of GNC by CITIC Capital Holdings. The complaint accuses GNC management of being negligent and engaging in self-dealing, and alleges that the defendants engaged in a bankruptcy scheme. Counsel have not yet appeared for the defendants. The case is 2:21-cv-17008, *Tang et al. v. CITIC Capital Holdings Ltd. et al.*
